PROFILE

Senior Java Developer with 5 years of hands-on experience building scalable backend systems using Java 8+, Spring Boot, Microservices and REST APIs.

WORK EXPERIENCE

Senior Java Developer, Coforge Limited

July 2025 - Present

- Built reusable backend components and microservice capabilities using Java 8 & Spring Boot.
- Implemented JWT authentication and Swagger for secure, documented APIs.
- Developed POC microservices with Kafka for asynchronous event processing. Contributed to architecture reviews to align with enterprise microservice standards.

Java Developer, HCLTech

February 2021 - July 2025

Worked as a backend Java developer delivering production-grade RESTful services and scalable microservices across domains.

- Project: User Profile Management System Shipment & Logistics Domain
- System Development: Designed and implemented CRUD operations using Spring Boot and REST APIs for user onboarding, off-boarding, and profile management
- Microservices Architecture: Built scalable microservices to handle different modules, ensuring modularity and code reusability
- Performance Enhancement: Optimized API endpoints performance by 30 % through database query optimization and caching implementation
- Integration: Implemented Kafka for real-time data streaming and event-driven communication between microservices
- Collaboration: Worked with cross-functional teams including business analysts and QA engineers to deliver quality solutions
- Technologies: Core Java, Java 8+, Spring Boot, REST API, Microservices, Kafka, Jenkins (CI/CD), MySQL and AWS

Identity and Access Management, Wipro Limited

July 2016 - February 2021

- Analyzed and troubleshooted LAN system issues using ServiceNow and Microsoft Active Directory
- Managed network shared folders and DFS (Distributed File System) infrastructure in Windows Server environment

Subject Matter Expert, Teleperformance

May 2015 - July 2016

- Conducted business process assessments to identify inefficiencies during network upgrades
- Maintained network security understanding through strategic planning

SKILLS

- Core Java
- Java 8+
- Spring Boot
- RESTful APIs
- Microservices
- Kafka
- Spring Security
- Spring MVC
- Spring JDBC
- Hibernate/JPA
- Multithreading
- MySQL
- Amazon Web Services (AWS)
- GIT
- Maven
- IntelliJ IDEA
- Apache Tomcat
- Swagger
- Jenkins

EDUCATION

Bachelor of Technology
- Rajasthan Technical University

Senior Secondary School Examination - CBSE

Secondary School Examination - CBSE
